

**REMARKS**

Applicants have amended claims 36, 61 and 63 to obviate the Examiner's rejections/objections. Claim 36 has been amended to clearly indicate that a jacket is provided over the metallic band to insulate the sensor from adjacent electrodes. Claim 61 has been amended to delete the strike-out from section d) and claim 63 has been amended to delete "tissue" from section c), line 5, after "connected". Applicants believe that the above amendments address the Examiner's rejection /objections and that the application is in condition for allowance.

Respectfully submitted,
